

Good morning,

We are moving quickly in completing our building and plan on having our 1st service there on September 5th! We have had 2 new families regularly attending past few weeks. We have Connect cards from over 50 people who are attending and have attended since we began meeting in March. We saw 2 saved during a funeral I conducted last week! We can use some skilled help between now and September 3rd including painters and a tile setter along with other various tasks to complete. We have carpet installation scheduled on August 30th. We are trusting God to finish what He started here including financial needs. Please continue to pray for this work and PLEASE consider giving us some help physically and financially during the next 2 weeks!

God bless,
